

The 4th KOBE COMMUNITY FORUM

~Creating Multicultural Spaces~

Kobe Community Forum is a workshop intended to deepen the understanding of what it means to live in a multicultural environment among all citizens of Kobe. It is a place where people with different views and backgrounds can exchange opinions in English in order to strengthen the ties between them and their communities.

This time, we would like to talk about creating multicultural spaces. Is there a place where people from different countries and backgrounds can come to exchange opinions in your neighborhood? Let's all get together and think how we can create more spaces for social interaction!

After the workshop, there will also be a small party!
